## Quality, Environmental & Health & Safety Policy

Spellman Walker Ltd (the 'Company') is a commercial printing company whose aims are to provide a dependable, professional service to its customers, which will culminate in products which are fit for purpose, on time and to the optimum quality achievable within the customer's budget.

In line with good commercial practise the Company is committed to comply with applicable [commercial and trading requirements](#), Health and Safety and Environmental legislation and to continually improve our Management System requirements (14001: Environmental, 18001: Health & Safety & 9001: Quality) which will enable the Company to best service its customers who will have peace of mind knowing they are placing business with an organisation.

Spellman Walker will commit to [protect the environment](#), prevent pollution, and seek further improvement to reduce harmful impacts on the environment.

Spellman Walker will promote a safe and healthy working environment and are committed to the prevention of injury and ill health.

A framework will be established to review objectives of the company to analyse all areas of the business to maintain and seek further improvement.

Since the achievement of any high-quality standard requires the conscious effort of all staff at every level, the Company welcomes any suggestions which are intended to enhance standards and Customer Relations through reliable systems. The Management will communicate any information that enables the best understanding of the policy within the Company and make controlled copies available as appropriate for internal or external reference.

The System when put into effect is a document which provides instructions and guidance to all employees and is binding at all times. The Heads of Departments are responsible for ensuring the system is implemented correctly. It shall be maintained and reviewed with documentation appropriate for its continuing suitability to the Company.
